VIRTUAL INFORMATION

What to Expect

The pivot to the new virtual platform allows for the same high caliber event consisting of panels populated with thought leaders from all perspectives and constituencies in food and beverage litigation—leading plaintiff and defense attorneys, in-house counsel, insurance professionals, etc.

How Will the New Format Work?

The conference will be run on the ON24 platform- just click your attendee link, no dial-in necessary. You will have access to a vast range of timely content and leaders in the field of environmental litigation – all from the comfort of your home office. The live stream conference works best on Chrome, Mozilla or Edge from a laptop or desktop computer. (Viewing from Internet Explorer or viewing on an iPad/Tablet may not provide the best attendee experience).

Virtual Networking

Chat with your peers, solution providers and speakers through the Group Chat.

Visit Virtual Exhibitor Booths for the Latest Product Solutions

The virtual exhibitor hall is where you'll find solution providers showcasing their products/services and are available in real-time to answer your questions. Exhibitors will also be giving demos of their products.

CLE CREDIT INFORMATION

This conference will be approved for 6.0-8.0 CLE credits depending on the state. Applications are being made to all states as requested by attendees. Please send requests for state specific accreditation to Cassie Yaticilla (cyaticilla@perrinconferences.com). Attendees must answer 3 polling questions per session to receive credit.
