Berwyn, PA ([PRWEB](#)) December 18, 2012 -- Perrin Conferences' teleconference "NFL Concussion Litigation – The Science of Sport," joins together leading attorneys, doctors and other experts discuss the issues dominating the headlines of the concussion cases against the NFL, NCAA and equipment manufacturers. The teleconference will be hosted January 8, 2013, 2:00 p.m.- 4:00 p.m. ET. Visit www.PerrinConferences.com to register.

Speakers include former 7-year NFL player, Scott Thomas Peters and Dr. Andrew Blecher, Medical Director for the Southern California Orthopedic Institute in Van Nuys, CA. The faculty includes attorney David Langfitt of the Locks Law Firm in Philadelphia and defense attorney Timothy Liam Epstein, Chair of the Sports Law Practice Group of SmithAmundsen, LLC in Chicago. In addition, Charles Mullin, Ph.D. of Bates White LLC in Washington, D.C., will provide an update on current [insurance litigation](#) and discuss potential emerging coverage issues. Paul Anderson, Esq., of the NFL Concussion Litigation Blog and Dustin Fink, MS, ATC, of The Concussion Blog in Shelbyville, IL moderate this [sports litigation conference](#).

The program provides an overview of the current allegations and defenses in [NFL concussion litigation](#), an update on the latest scientific studies, and tackles other issues including:

- The potential legal and economic impact of concussion litigation for players, sports leagues and uniform equipment manufacturers
- Chronic Traumatic Encephalopathy – what is it and how does the science fit into the current litigation strategies?
- The history of the dangers of head injuries and the timeline of NFL-sponsored studies/concussion rules
- Medical monitoring and other potential damages
- Duty to defend, trigger, occurrence and other insurance issues
